Admiral Stansfield Turner Director Central Intellegence Agency Washington, D. C. 20505

Dear Admiral Turner:

Please accept my compliments for a very informative and interesting presentation last morning at the meeting for Congressional interns. To be quite succinct about it, I feel much better about the management of our intellegence community after hearing you speak.

Allow me please to make a suggestion in response to your invitation for the young people present to work in the government. Having worked in numerous government internships, I believe that an internship program within the CIA would be beneficial both for the agency and the general public opinion of the agency.

Most directors of internship programs find that students provide valuable input for the organization. Beyond that, the mere fact that the agency was seeking top students for internships would be an obvious help in public relations. Opposition to this suggestion might be on the grounds of security problems, but I am confident that with a proper recruitment and interview process, this would not be a problem.

If you have any comment on this idea, <u>please relay this through Mr. Cary</u>, with whom I talked (not on this subject) after the meeting. At any rate, thank you for taking time to meet with the group and I wish you the best of luck in the challenges that may face you in the future.

Best regards,

Sincerely

MICHEL C. DAISLEY Staff intern
